<input type="text" value="Total Payment Remitted"/>		<input type="text" value="To be paid at door - Need accurate head count for banquet"/>	

Total number of attendees listed in each column
 Student Registration includes their meal & t-shirt; count for parent, teachers, or coordinators must be prepaid or it will be additional at the door.

PLEASE PRINT THE COMPLETED REGISTRATION FORM & REMIT WITH PAYMENT TO:
 NORTH DAKOTA MATHCOUNTS
 P.O. BOX 712, BISMARCK, ND 58502-0712

Total number of reserve tickets here. Let attendees know their tickets will be at the registration table.

Total columns here.
 Number of students x 30
 All guests, including teachers or coordinators x \$20
 Add these two columns together & remit payment of total amount. Separate checks/money orders ok.

Please make sure that all names are spelled correctly for the booklet. To assure correct pronunciation, please include phonetic spelling as appropriate. If dietary restrictions apply, place an asterisk (*) next to the name and attach a note of description.

- In student section, please print clearly and enter as indicated above with student name, followed by phonetic spelling as needed.
- Column 2 requires the number 1 for each student attending, leave the rest of the lines blank. If more than 14 students are attending, attach a second page.
- Column 3 is for the number of parents/guests attending and paying in advance for their meal.
- Column 4 is for the number of parents/guests that will be attending, but payment to be made the day of the event. We need this to ensure an accurate lunch count for the facility.
